To learn the basics of photography and the most important technical aspects of photography.

A BASIC OVERVIEW OF THE MODULES

1. Introduction and assessment - FREE ASSESSMENT
2. Your camera, equipment and set up
3. Composition
4. Light
5. Aperture, Shutterspeed, and ISO
6. Depth of Field
7. Light metering and Focus Points
8. Colour
9. Introduction to Cropping and Editing

OBJECTIVES

1. Understanding your camera and equipment
2. Understanding the most important aspects of a good photograph

MATERIALS NEEDED

1. A camera
2. A tripod if possible

VERIFICATION

After each lesson, there will be an assignment to verify that you have understood the subject discussed in the lesson. Upon completing this assignment the next lesson will be unlocked. If you have not completed the course within 3 months, with active teaching and mentoring, you will receive the whole course as a document, with the option to unlock mentoring for an additional fee upon request, but cannot be guaranteed.

TERMS AND CONDITIONS

On signing up for this course you will have lifetime access to the notes. Active teaching and mentoring expire after 6 months of your assessment. This can be unlocked later for an additional fee upon request, but cannot be guaranteed. All the material is the property of Ananda Africa and may not be distributed without the consent of Ananda Africa.
